

# SURAJ SINGH

Business Analyst

Pune, Maharashtra / [srisurajsingh@gmail.com](mailto:srisurajsingh@gmail.com) / <https://www.linkedin.com/in/srj-suraj-singh/> / 8745091319

## Summary

Dynamic Business Analyst with **2 years and 11 months of experience in website development, data visualization, and BI reporting, MySQL, Snowflake, Alteryx and Matillion**, with a strong understanding of data warehousing, snowflake schemas, and ETL processes, a proven track record at Extentia, a Merkle Company, and DIAT, DRDO. Excelled in enhancing Salesforce B2B eCommerce platforms, leveraging data visualization and analytical thinking to drive business decisions. Skilled in requirements gathering and Agile methodologies, significantly improving project execution and stakeholder satisfaction.

## Experience

### Extentia, a Merkle Company

Business Analyst, MH

08/2022 - Present

- **Developed a Dynamic Dashboard in Power BI** for Equipment's KPI utilizing ETL processes and DAX functions Implemented
- **Dataflow model in Power BI Services** to reduce the loading time of tables which is used in multiple dashboards.
- Developed and optimized **Power Query transformations to streamline data extraction**, cleansing, and transformation, enhancing data accuracy and reporting efficiency.
- **Created Salesforce dashboards and reports using SOQL queries**, providing insights for business decision-making and performance tracking
- **Designed, developed, and maintained end-to-end ELT/ETL pipelines** using Python, Snowflake, Matillion, and Alteryx—enabling seamless data integration across cloud and on-premise sources
- **Handled semi-structured data (JSON, CSV)** and converted it into tabular format using Snowflake's VARIANT attribute, with Alteryx workflows to further profile and normalize data before warehouse ingestion.
- **Streamlined the data ingestion process from AWS S3 to Snowflake**, utilizing both Matillion and Alteryx to refine datasets, ensuring accuracy, consistency, and completeness through configurable workflows and validation rules.
- **Developed and implemented robust ETL mappings and workflows** in Matillion and Alteryx, automating data loading, transformation, and validation across Snowflake and AWS environments.
- Designed and **implemented dynamic data masking in Snowflake and Matillion** to enforce role-based access control.
- **Managed scheduled ETL jobs and workflow orchestration** using Matillion's job scheduler and Alteryx Gallery, ensuring timely and reliable data availability for reporting and downstream consumption.
- **Engaged with stakeholders to gather business needs, define functional requirements**, and create user stories with acceptance criteria
- **Worked on Salesforce B2B eCommerce**, supporting US client onboarding, managing Salesforce administration, and implementing business-driven webshop features
- **Performed regression testing, documented issues, and conducted client demos** to ensure smooth feature deployment and system stability
- **Led refinement sessions, contributed to sprint planning**, stand-ups, and retrospectives, ensuring seamless project execution
- **Conducted refinement sessions for user stories and tickets** to ensure clarity, feasibility, and alignment with project goals.
- Developed **Confluence documentation, flow diagrams, and business process models** for clear system functionality representation
- **Designed and executed testing strategies** to ensure solutions met business and acceptance criteria Managed documents, videos, images, and media files, while **maintaining live production data** accuracy for business operations

# DIAT, DRDO

Junior Research Fellow, MH

11/2021 - 07/2022

- Performed experiments to refine methodologies for encapsulating self-healing agents in microcapsules, tailoring for solid propellant healing
- Managed procurement processes, including vendor selection, ensuring timely acquisition of goods and services and ERP system

## Skills

Snowflake, BI tools expertise, Matillion ETL tool, Python, Alteryx, Data visualization, Data analysis, Requirements gathering, Jira & Draw.io, Analytical thinking, User acceptance testing, Agile methodologies  
Languages English, Communication skills, Microsoft excel

---

## Education

### **M.Tech in Material Science,**

Defence Institute of Advanced Technology at Pune, Pune, Maharastra 06/2021

CGPA-7.97

### **B.Tech in Mechanical Engineering,**

Raj Kumar Goel Institute of Technology, Ghaziabad, UP 06/2017

Grade-71.1%

---

## Languages

English, Hindi

---

## Certificates

Denstu PowerBI Training, Salesforce Certified AI Associate, Matillion ETL Foundations, Data Productivity Cloud Foundations, Certified ScrumMaster (CSM) - Scrum Alliance, BM PY0101EN Certificate | Cognitive Class, Business Analyst Training Certification | Extentia, Merkle

---

## Awards

Extentia, Hackathon-2023 - Winner, GATE 2017 and GATE 2021 QUALIFIED Mechanical Engineering, 3rd IMO: Certificate of Merit, 508 AIR, 4th IMO: Certificate of Merit, 504 AIR
